Comprehensive dental plan information guide

#### **Comprehensive Dental Plan Plus:**

Together, all the way.

#### INTRODUCTION

Thank you for choosing Cigna Medicare Advantage. Here's how to use your dental benefits.

#### **Network dentist selection**

- You must choose a general dentist from the Cigna Dental Care network.
- How to find an in-network dentist near you:
  - Search our online provider directory at CignaMedicare.com/resources; or
  - Call Cigna Dental Customer Service at 1-866-213-7295 (TTY 711), October 1 March 31, 8 a.m. 8 p.m. local time, 7 days a week. From April 1 September 30, Monday Friday, 8 a.m. 8 p.m. local time. Messaging service used weekends, after hours, and on federal holidays.

#### **Preventive care**

Preventive dental care is key to a healthy smile and overall good health. To avoid delays at the beginning of the year, start a preventive care schedule when you first enroll in the plan.

#### **Specialty care**

If you need to see a specialist, such as an oral surgeon, endodontist or a periodontist, your general dentist will provide you a referral. Keep in mind, your costs are the same if you see a specialist as long as they're in our network. See the Dental Patient Charge Schedule for costs.

#### Care for dental emergencies away from home

If you have an emergency while you are out of your service area or you are unable to contact your network general dentist, you may receive emergency covered services from any general dentist. Routine restorative procedures or definitive treatment (e.g., root canal) are not considered emergency care. You should return to your network general dentist for these procedures.

For emergency covered services, you will be responsible for the copayments listed on your Patient Charge Schedule. Cigna Dental will reimburse you the difference between the dentist's usual fee for emergency covered services and your copayment, up to a total of \$50 per incident. To receive reimbursement, send the dentist's itemized statement to:

Cigna Dental P.O. Box 188045 Chattanooga, TN 37422-8045

#### **Dental Patient Charge Schedule**

The American Dental Association issues codes that are used for treatment and billing. These codes and definitions may periodically change. Different codes may be used to describe these covered procedures.

The Dental Patient Charge Schedule is included in this guide. It lists the services covered under your plan, along with the costs you'll pay for each service. Keep in mind, this list is valid only for our network providers. Some exclusions and limitations may apply, which are included in the back of this guide.

Here's where you can learn about what's covered and your costs for services. This Patient Charge Schedule is valid from January 1, 2023 - December 31, 2023.

#### **Important highlights**

- This Patient Charge Schedule applies only when covered dental services are performed by your assigned network general dentist or network specialist, unless otherwise authorized by Cigna Dental Care as described in your plan documents. Your network dentist may not offer every service. Before you schedule an appointment, check to see if your network dentist offers the services you need.
- This Patient Charge Schedule applies to network providers only. When you need to see a specialist, you must get a referral from your network general dentist. And the referral must be to a network specialist, such as an oral surgeon, endodontist, or a periodontist.
- Procedures NOT listed on this Patient Charge Schedule are NOT covered. Any services performed that are not covered are the patient's responsibility at the dentist's usual fees.
- The administration of IV sedation, general anesthesia and/or nitrous oxide is not covered.

- The use of a local anesthetic is considered part of, and included in, your dental treatment.
- Cigna Dental Care considers infection control, such as personal protective equipment and/or sterilization, to be incidental to and part of the charges for services provided, and a separate fee may not be charged.
- This Patient Charge Schedule is subject to annual change.
- Procedures listed on this Patient Charge Schedule are subject to plan exclusions and limitations, which can be found in the back of this guide.
- All patient charges must correspond to the Patient Charge Schedule in effect on the date the procedure is initiated.

**Periodontics** (treatment of supporting tissues [gum and bone] of the teeth). Periodontal regenerative procedures are limited to 1 regenerative procedure per site (or per tooth, if applicable), when covered on the Patient Charge Schedule. The relevant procedure codes are D4263, D4264, D4266, D4267, D4270, D4275, D4277, D4278, D4285.
